# Bravi Tuscan Kitchen

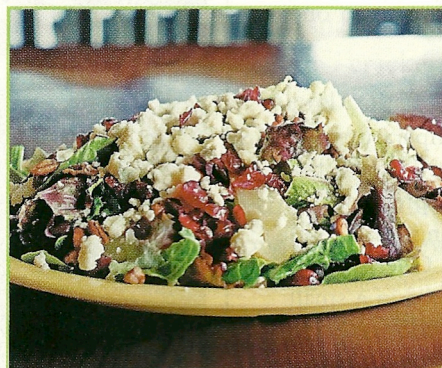

**F**ast-casual dining is one of the newest and fastest growing restaurant trends, combining partial self-service (like you would find in a fast food restaurant) with delicious, made-to-order meals that rival your typical upscale restaurant at a fraction of the price. Bravi Tuscan Kitchen in Glendale has elevated the fast-casual dining experience to an art form.

Place your order at the counter, then take your number and choose a table in either the main restaurant, the bar area or the patio while your meal is made to order by the Bravi staff and delivered fresh to your table.

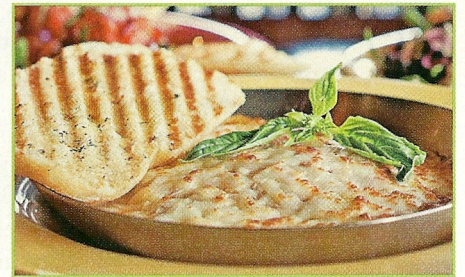

“Customers that join us for the first time can expect a warm welcome, prompt service and great tasting food prepared right before their eyes in our open kitchen,” manager Jason Ingram says. “We prepare all of our food to order, and make everything from scratch. The food keeps people coming back for sure, as well as the quick service and our great employees.”

While you won't have a waiter hovering near your table refilling your empty glass and anticipating your every desire, what you will find at Bravi Tuscan Kitchen is an extensive menu full of delicious homemade food served up fast in a chic, laid back atmosphere. Begin your meal with a cup of creamy Tuscan Tomato Soup made with pureed vegetables, peeled tomato strips and a touch of cream. Then, treat yourself to a side: regular or family-size Sweet Gorgonzola and Pear Salad with candied pecans and cranberries. Or share an order

of delicious Bruschetta made with grilled garlic bread topped with a mixture of fresh tomato, onion, garlic, basil and freshly grated Parmesan cheese.

For your main course, Bravi Tuscan Kitchen has everything from sandwiches to pizza to pasta to satisfy any craving. Try the scrumptious Meatball Sandwich baked to order on artisan bread and topped with homemade marinara and mozzarella cheese. Or order the Chicken and Artichoke Sandwich topped with provolone and fresh tomatoes. All sandwiches are served Panini or sub-style with your choice of soup or salad.

If you're in the mood for pasta, you can build your own pasta dish with a variety of fresh sauces, vegetables and meats, or you can have a traditional Italian favorite prepared fresh when you order. You can't go wrong with the Chicken Piccata with zesty lemon and caper sauce, or everyone's favorite, Lasagne made with Bravi's hearty meat sauce. If you're craving pizza, Bravi's thin-crust pies are baked to perfection in the stone oven and topped with your choice of over two dozen meats, veggies and cheeses.

“Of course, we are known best for our pizzas, but Bravi is the casual dining experience for any occasion,” Ingram says. “We offer great food at a fair price. We run lunch specials from 11 a.m. to 4 p.m. every day, and have a happy hour at our full bar weekdays from 4 p.m. to 7 p.m. We just have a great combination of food, flavor, atmosphere, and price.”

Bravi Tuscan Grill also caters for any size group, has a Bravi-on-the-Run service if you want great food to go and offers discounts to local businesses. Drop by and try Bravi for yourself and you won't be disappointed.
